Approved science-based target

The Science Based Targets initiative has validated that the corporate greenhouse gas emissions reduction target(s) submitted by

Viessmann Group

have been deemed to be in conformance with the SBTi Criteria and Recommendations (version 4.2). The SBTi's Target Validation Team has classified your company's scope 1 and 2 target ambition and has determined that it is in line with a 1.5°C trajectory.

The official target wording is:

Viessmann Group commits to reduce absolute scope 1 and 2 GHG emissions 48% by 2030 from a 2019 base year. Viessmann Group also commits to reduce scope 3 GHG emissions 55% per million euro value added within the same timeframe.
